PROFESSIONAL SUMMARY

Web developer and Bachelor of Information Technology graduate (2025) working with React, Tailwind CSS, Node.js, and WordPress. Designed websites and UI/UX for client and concept projects, deployed my own portfolio on Cloudflare Workers, and am developing Google Apps Script tools for data monitoring and automated email follow-ups. Bring 3+ years of digital marketing experience, so I build with visibility and conversions in mind. Seeking entry-level web development roles.

TECHNICAL SKILLS

Front-End: HTML, CSS, JavaScript, React.js, Tailwind CSS

Back-End & Databases: Node.js, Laravel, MySQL, Supabase, Firebase

CMS & Websites: WordPress, Canva Websites, Website Updates & Maintenance, Hosting Setup

Dev Tools & Automation: VS Code, Git, GitHub, Google Apps Script, Cloudflare Workers, ChatGPT

UI/UX & Design: Figma, Adobe Photoshop, Adobe Illustrator, Canva

Marketing & CRM: Google Ads (Search), Meta Ads, HubSpot Sales Hub CRM

IT Support: Windows 10/11, OS & Software Installation, Hardware Troubleshooting, Network Configuration, TeamViewer

PROJECTS

Personal Portfolio Website | Cloudflare Workers

portfolio.jeffdigi.workers.dev

Designed, built, and deployed a portfolio with project galleries, time-zone detection, and Calendly/Zoom booking.

Personnel Management System | Client Project, Web & UI/UX

Designed an agency website for handling applications and managing security personnel.

Lotto App UX / UI | Client Project, Mobile UI/UX

Designed a mobile app interface that lets users view winning lotto numbers directly on their phones.

Client & Application Tracker + Data Monitor | Google Apps Script & Website Application

Developing a tracker for active clients and applications with automated contract and follow-up emails.

- Building a script that scans spreadsheet data row by row and flags outdated research entries and potentially low quantities.

PROFESSIONAL EXPERIENCE

Professional Development | Self-Directed Training

May 2025 – Present

- Building web and automation projects while completing HubSpot CRM, Google Ads Search, and AI automation training.

Administrative Assistant | Housing and Settlement Office

Jan 2025 – Apr 2025

- Provided first-line IT support by troubleshooting printers and computers to keep daily office operations running smoothly.
- Handled document processing, email management, and digital data archiving to keep records organized and accessible.
